

Fact Sheet 20 - Letter of Intent

	Valid from	Valid to
Version 1	27.04.15	

Core message: The Letter of Intent represents each partner's commitment to provide the funding set out in the project budget, deliver the activities in the application, and repay any funds that are incorrectly paid out. The letter is generated automatically and needs to be signed and uploaded before the project can be approved.

Background

Every Full Application submitted to the programme must include a Letter of Intent from every beneficiary (all co-beneficiaries in a local partnership sign the same letter – see Fact Sheet 13). The letter is uploaded to the Online Monitoring System along with the electronic application. The purpose of this letter is to ensure that the necessary funding for completion of the project is available and to ensure that each beneficiary is fully aware of the project and its obligations.

No Full Applications will be considered by the Steering Committee unless all signed Letters of Intent are in place. In a limited number of cases, further evidence of commitment may be required such as a bank guarantee. This will be decided on a case-by-case basis.

Guidance

The Letters of Intent must be signed by a representative who is entitled to make financial commitments on behalf of his/her organisation. The text of the letter is included below for information. It is not possible to change the letter once it has been generated by the system.

The key information to note is the commitment that:

- The beneficiary is familiar with the application and accepts being a beneficiary in the project
- The beneficiary is willing to fulfil his/her obligations as described in the application
- The beneficiary assumes responsibility in the event of any irregularity in the expenditure declared
- The relevant national authorities will be informed about the organisation's participation in the project
- The beneficiary will make co-financing available in accordance with the application and from which date this co-financing will be available

Letter of Intent
