North Sea Conference 2015

Ageing population, rising costs for (health)care services and recent budget cuts:

- Governments in the countries around the North Sea have moved from a care system whereby the state regulates, cares and pays to one that facilitates a civil society that is based on solidarity and community .
- Looking for new strategies, decision makers in several countries have directed attention to informal care and voluntary assistance.

North Sea Conference 2015

Submission in Objective 1.3 (Full application, first call)

Overall objective In For Care:

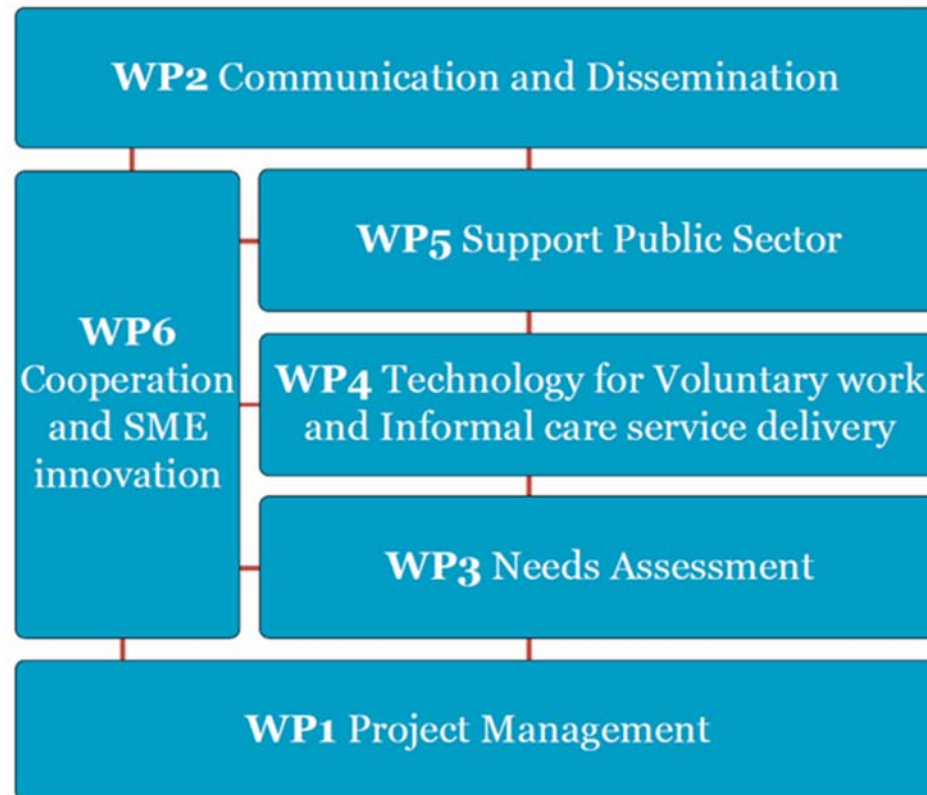

Develop innovation in service delivery by optimizing informal and formal networks

Objectives In For Care:

- Create and improve processes of voluntary work and informal care in service delivery;
- Support the public sector to innovate in service delivery;
- Enhance cooperation between SMEs, knowledge institutions, public administration and end-users.
