HOW TO GET TO HOTEL LUMEN

From Schiphol Airport

By car: Approximate travel time: 1 hour and 10 minutes.

By public transportation: The train station is located beneath Terminal 3.

From the Zwolle Train Station

Bus 3, 7, 70 (to Zwolle Stadion)

What is NON-STOP?

NON-STOP (New smart digital Operations Needed for a Sustainable Transition of Ports) is a €4,7m project, 50 % co-funded by European Regional Development Funds (ERDF) under the North Sea Region Programme 2014 – 2020; Eco-innovation priority.

NON STOP aims to implement a green smart digital transition in the management of North Sea Region's ports of regional importance. This will be achieved by introducing, testing and monitoring intelligent technologies and processes in the storage, deployment, sharing and transmission of data related to marine conditions, sea/landside operations and energy production / consumption / distribution in ports. The ultimate goal is to reduce by 10% the time of pre-defined logistical & maintenance port operations and lower by 10% the port energy and pollution by building on collaborative expertise and joint practice.

Partners:

Port of Zwolle (Meppel and Kampen)

Port of Oostende

Niedersachsen Ports GmbH & Co. KG - Niederlassung Emden (Port of Emden)

Port of Korsør

Port of Helsingør
