

Water Co-Governance Conference 2020

Transnational learning from the governance projects of the OOWV

Programme

Time	Agenda
Monday, 24th February 2020	
(Arrival international participants)	
All day	ClimateCafé Oldenburg: Stormwater Management and Climate Change Adaption (organized by University of Applied Science Groningen)
16:00	Steering Group Meeting WaterCoG
19.00h	Dinner
Tuesday, 25th February .2020	
9:00 h	Registration, Coffee and Poster Exhibition
9:30 h	Welcome by Egon Harms, OOWV
	Short introduction of the projects: WaterCoG, goCAM, TOPSOIL, STEER, and of the Climate Café
10.00 – 11.15	Dealing with complex ecosystems: How can co-governance approaches support water management? – Presentations by WaterCoG (Danish pilot (N.N.), Swedish pilots (Björn Lagerdahl, Länsstyrelsen i Västra Götaland) & German pilots (Ilke Borowski-Maaser, IIF) & goCAM (Konstantin Scheihing, OOWV) Chair: Barry Bendall, The Rivers Trust Discussion: What are the lessons learnt? Which questions are still open?
11:15	Coffee Break
11.35-13.00	Climate Change Adaption of Regional water balance, Part I: Increasing resilience of groundwater towards climate change-results from TOPSOIL pilots (N.N.) and goCAM (Konstantin Scheihing OOWV) Chair: Rinke van Veen, Provincie Drenthe Discussion: How can the implementation of (small scale) measures be improved?
13.00	Lunch
14.00-15.30h	Climate Change Adaption of Regional water balance, Part II: Protecting water quality as joint effort by agriculture and water management- - results by TOPSOIL (Peter Nailon, Wear Rivers Trust) and STEER (Franziska Meer-gans, University of Osnabrück), and WaterCoG Texel Pilot (Arjen Grent, Hoogheemraadschap Hollands Noorderkwartier). Chair: Andrea Lenschow, University of Osnabrück Discussion: How can transnational cooperation further improve climate adaption?
15.30-15.45	Coffee Break
15.45-	PR & Citizen Involvement: Using communication tools to increase awareness and

Time	Agenda
16.30 h	<p>motivation of climate change adaptation- Results from the Video examples from TOPSOIL, WaterCoG, Catch and the Dutch WaterCoG pilot on Resilient Cities (Arjen Grent, Hoogheemraadschap Hollands Noorderkwartier). Chair: Stevie Swenne, VMM</p> <p>Discussion: What are the impacts of good communication and citizen involvement?</p>
16.30	End Day 1
18:30	Transfer to city centre
19:00	Dinner in City of Oldenburg

Wednesday, 26th February.2020	
9.00-10.00h	<p>Ecosystem Services: How can the concept contribute to protecting the regional water balance? Chair: Christina Aue, OOWV</p> <p>Results from the Upper Wharfe Basin and Cam & Ely Ouse (CamEO) Catchment Partnership (Barry Bendall, The Rivers Trust)</p> <p>Discussion: What are the lessons learnt? Which questions are still open?</p>
10.00	Coffee Break
10.15	Results from Climat�Caf� Oldenburg on Stormwater Management and Climate Change Adaption- Presentation by students participating in the parallel ClimateCaf�
10.45	<p>Sustainable Water Governance: How can we improve? – On which issues could transnational cooperation best deliver good results? Discussion with input on the status of upcoming Interreg VIB Programme Period – message from the Secretariat of the North Sea Region Programme Chair: Ilke Borowski-Maaser, Interessen Im Fluss</p>
	Next steps / How to proceed
12:00 – 13:00 Uhr	Lunch & End of Conference
13:30 – 15.00 h	Steering Group Meeting Topsoil
