New smart digital Operations Needed fo...

[Programme 2014 - 2020 INTERREG VB North Sea](#)

Description

Description (EN):

In the last decades Small and Mediums sized Ports (SMP) within the North Sea Region have been working in a more and more complex and rapidly changing world where the society and businesses have experienced a digital transformation in numerous areas. A smart modernisation and eco-innovative approach in port management has therefore become key to allow port authorities to cope
