Networks for circular procurement
Our aim is a 100% sustainable, fair and circular world.

A strong international circular economy is beneficial for all, including our Dutch goals.

We share our experience in international networks and partnerships.
Agenda

➢ Peer learning

➢ 1,000 circular business cases

➢ C-PRONE
Circular procurement
and use/reuse

Circular design and
production

Secondary materials
and renewables

Collection and
recycling

Systemic approach

Resources

Production

Use

Recycling

Influence the chain
(transition broker)

Waste

Learning Networks

Accelerate learning

A learning network with simple commitments...
Learning Networks in Europe

- Circular economy doesn't stop at the borders
- Learning networks are local hubs for experience and tools
- Learning networks accelerate real circular impact

- **Accelerate circular economy**

10 Learning networks => 1.000 working business cases
CP projects & initiatives

- Interreg North Sea Region ProCirc
- I.C.L.E.I Local Governments for Sustainability
- CITYLOOPS
- REBus
- ACR+
- One planet procure with care Sustainable Public Procurement
- Circular PP
- Circular & Fair ICT Pact
CE does not stop at borders: International collaboration

• **Learning Networks for Circular Procurement:**
  Netherlands (2x), Flanders, Paris, Centro Regio, Wallonia, Finland
  *(Czech Republic? Ireland? USA? Singapore?)*

• **Circular Procurement projects:**
  ReBUS, Urban Wins, CircularPP, ProCirc, Urban Agenda, CityLoops

• **International Circular Procurement initiatives:**
  ACR+ CP Working Group, ICLEI CP Interest Group, Circular & Fair ICT Pact,
  One Planet Network SPP programme, CP Congresses *(2022?)*
Secrets of success

✓ Learning by doing
✓ Sharing with peers
✓ Real CE impact
✓ Reshape the market
What's missing?

Connection and sharing BETWEEN the learning networks, projects and initiatives...
C-PRONE, a global umbrella
