

APB Kamp C

Centre for sustainability and innovation
Province of Antwerp

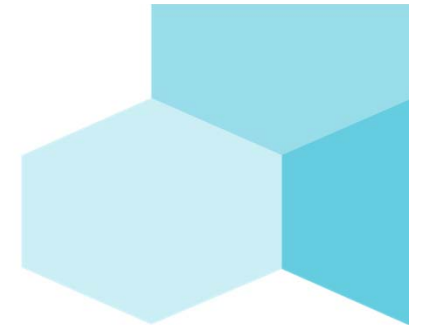

Vision & ambition Kamp C

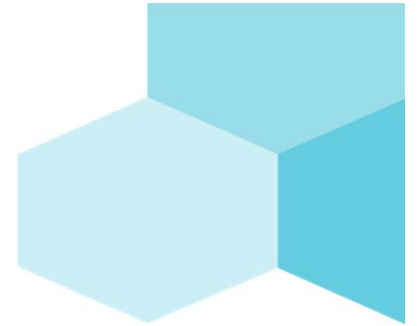

4 ambitions:

- Future-proof sustainability – Circularity: transition from traditional to circular, a prominent example of a circular building.
- Future-proof sustainability – Flexibility: able to respond to changing spatial and functional needs.
- Responsible sustainability - Health & well-being: building = healthy and comfortable environment.
- Image

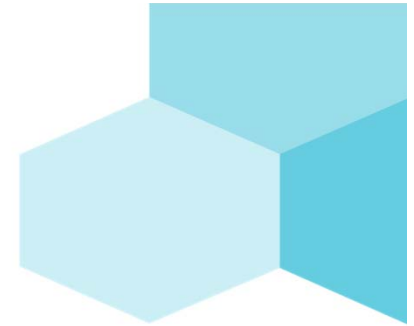

Scope

- Design Build Maintain Energy - 20 years,
- Implementation of circular business models,
- 1 building consortium from the start,
- 1000m² office space > adjusted to 100 workspaces
- Extra possibilities: 3000m²

Specifications

Turn left at the next intersection, then right and at the roundabout take the third exit,....

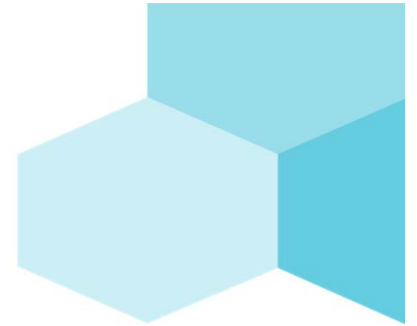

Get me to the airport, quickly!

Specifications

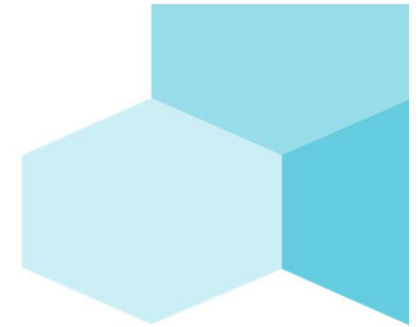

Split the product and the process:

- Product = the building
- Process = the way to it

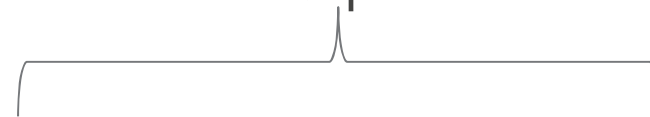

Contract type

Competitive dialogue procedure
