

GUIDANCE

Submitting your full application or small-scale project

Version 1.0

When submitting an application form for a regular project (full application) or a small-scale project you need to have an authorised signatory appointed. Please consult the guidance "Appointing an authorised signatory" if you have not yet appointed an authorised signatory.

The process of submitting a full application form or a small-scale project application form requires the interaction between two distinct functions. The project manager will draft and complete the application form and the appointed authorised signatory will submit it to the programme.

The first steps in this guidance will be carried out by the project manager and the latter steps (step 3 and onwards) will be carried out by the authorised signatory. When the guidance changes from the function of the project manager to the function of the authorised signatory this is indicated by a small text in bold.

STEP 1

Before you can submit your application you need to fill-in all mandatory fields in the form. You can track the status and be alerted to missing elements (which will prevent submission) in the status overview.

You access the status overview by clicking the button "Status".

The screenshot displays the 'Interreg North Sea 2021-2027 Online Monitoring System' interface. The main content area shows a form for 'A.1 Identification' with fields for 'Call', 'Project title', 'Project acronym', 'Lead Partner', 'Start Date', 'End Date', 'Project duration', 'Priority', and 'Priority specific objective'. A table below the form lists these fields with their values. A blue box highlights the 'Status' button in the table, and an arrow points to a similar button in the top right corner of the interface.

| Field | Value |
|------------------------------------|----------|
| Call | |
| A.1.1 Project title | OMS DEMO |
| A.1.2 Project acronym | DEMO |
| A.1.3 Lead Partner | North |
| A.1.4 Start Date | 20/09 |
| A.1.4 End Date | 30/08 |
| A.1.4 Project duration | 48 m |
| A.1.5 Priority | Priori |
| A.1.6. Priority specific objective | 2.3 De |

STEP 2

In the status overview you can see if elements are missing. Remember that you should have all letters of intent and self-declarations signed by all partners before you can submit the application form, this in extension to completing the application form itself.

Once all elements of the application have been finalised the button "Complete & lock the application" will appear in the status overview. It is the project manager who clicks the button when ready.

By completing and locking the application the application can no longer be edited by the project manager. The authorised signatory is now notified by mail and in the online monitoring system.

DEMO: Submission Status

Rules of Full Application submission
Submission of a Full Application (FA) is done under the following rules:
1) Applicants with an approved EoI can start a FA on their own
2) Applicants who submitted a FA in previous call but was rejected, can ask the JS to create a application with appropriate edits.
Apply to you, please consider submitting an EoI during this call.
can be submitted without a previously accepted EoI.
Fact sheet 18, Application assessment process

Access
There are 2 partners in the application form and all have declared managers. [Project access](#)

Signing process
Authorised Signatory
The Authorised Signatory is set as **Christoffer Villisen** (christoffer5230@gmail.com).
Your invitation to your Authorised Signatory has been accepted.

Submission
You can **complete&lock the application** so your Authorised Signatory can proceed to sign and submit the application.

The following steps is carried out by the authorised signatory.

STEP 3

From the dashboard (when the authorised signatory has logged into the OMS) the authorised signatory can access the application which is ready for submission. The authorised signatory access the relevant application in the section "shared projects" on the dashboard.

Ready to submit Docs Actions

A.1 Identification

| Call | Call 1C (FA) |
|-----------------------------------|--|
| A.1.1 Project title | OMS DEMO |
| A.1.2 Project acronym | DEMO |
| A.1.3 Lead Partner | North Sea Programme |
| A.1.4 Start Date | 20/09/20 |
| A.1.4 End Date | 30/08/20 |
| A.1.4 Project duration | 48 months |
| A.1.5 Priority | Priority 2 |
| A.1.6 Priority specific objective | 2.3 Developing smart energy systems, grids and storage outside the Trans-European Energy Network (TEN-E) |

Ready to submit Docs Actions

STEP 5

A status window opens on the authorised signatory can now submit the application by clicking the button "final submission".

The screenshot displays the 'Interreg North Sea 2021-2027 Online Monitoring System' interface. On the left, a sidebar lists various sections, with 'A.1 Identification' selected. The main content area shows a table with the following data:

| Call | Call TC (FA) |
|------------------------------------|---|
| A.1.1 Project title | OMS DEMO |
| A.1.2 Project acronym | DEMO |
| A.1.3 Lead Partner | North Sea Programme |
| A.1.4 Start Date | 20/09/2022 |
| A.1.4 End Date | 30/08/2026 |
| A.1.4 Project duration | 48 months |
| A.1.5. Priority | Priority 2. A green transition in the North Sea R |
| A.1.6. Priority specific objective | 2.3 Developing smart energy systems, grids and |

On the right, the 'DEMO: Submission Status' window is open, showing a progress bar with the following steps:

- Partners Access:** Access (Green circle) - There are 2 partners in the application form and all have declared managers. [Project access](#)
- Signing process:** Authorised Signatory (Green circle) - You are set as the Authorised Signatory for this project application.
- Submission process:**
 - Designation of Authorised Signatory (Green circle) - An Authorised Signatory is assigned and validated.
 - Fully fill in form (Green circle) - The form is fully filled in and without errors.
 - Completion (Green circle) - The form is locked so you can proceed to sign and submit the application. Your JS advisor can unlock the application form if needed.
 - Final Submission (Grey circle) - You can submit the form. [Final submission](#)
 - Decision (Grey circle) - The form is not submitted so there is no decision.

STEP 6

A warning is now shown indicating that you are about to submit the application. If the authorised signatory is ready to submit the application the button "proceed" should be pressed.

The screenshot shows the same interface as in Step 5, but with a 'Warning' dialog box overlaid. The dialog box contains the following text:

Warning

Submit Project Application

If you proceed, the application will be marked as submitted and the JS will be notified. Further editing will not be allowed.

[Proceed](#) [Cancel](#)

STEP 7

The application has now been submitted to the programme, and no further edits of the application is possible.

The screenshot displays the 'Interreg North Sea 2021-2027 Online Monitoring System' interface. The user is logged in as 'Christoffer'. The main content area shows the 'A.1 Identification' section for a project named 'OMS DEMO (DEMO)'. The project details are as follows:

| Field | Value |
|------------------------------------|--|
| Call | Call 1C (FA) |
| A.1.1 Project title | OMS DEMO |
| A.1.2 Project acronym | DEMO |
| A.1.3 Lead Partner | North Sea Programme |
| A.1.4 Start Date | 20/09/2022 |
| A.1.4 End Date | 30/08/2026 |
| A.1.4 Project duration | 48 months |
| A.1.5 Priority | Priority 2. A green transition in the North S |
| A.1.6. Priority specific objective | 2.3 Developing smart energy systems, grids and storage outside the Trans-European Energy Network (TEN-E) |

Two 'Application submitted' notifications with a green checkmark are visible: one in the top right corner and one in the center of the table area. A blue arrow points from the top notification to the center one.

Note: If you by accident have submitted your application too early or if you want to edit it again, please reach out to the Joint Secretariat who can unlock the submitted application. The Joint Secretariat will only be able to unlock the application if the call for applications is still open.
