Carbon Farming highlighted by Forbes

Our Carbon Farming project is featured as a good European example in a recent article published at Forbes.com! > [Read the story](#)

North Sea world records

Did you know that the North Sea is home to the world's largest artificial island? The Dutch island of Flevopolder is manmade and covers 970 square kilometres. It was created in 1969 and today 317,000 people live there.
