

# Aberdeen Hydrogen Hub

An integrated energy partnership

We are committed to bringing  
*low carbon &  
renewable hydrogen*  
to the world.

## Why hydrogen?

The energy  
trilemma

The market  
opportunity

Our integrated  
future

# Aberdeen Hydrogen Hub

An integrated energy partnership

## Phase 1 - 2024

- green hydrogen facility supplying bus and truck fleets
- new solar farm
- stimulating supply chain, skills, training

## Future phases

- expansion through ScotWind
- supply heat for housing, industrial buildings, rail and maritime sectors
- hydrogen for export

An integrated energy partnership
