Interreg high-level conference to inspire Maritime Spatial Planning in two seas

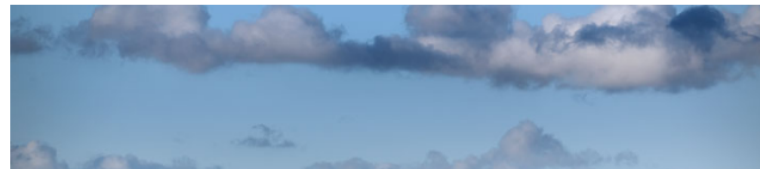

Katharina Erdmenger

January 14, 2019

Blue growth, Maritime Spatial Planning

The [Connecting Seas conference](#) on Maritime Spatial Planning (MSP) will take place 13-14 February 2019 in Hamburg, Germany. It facilitates experience exchange between MSP stakeholders of the North Sea and the Baltic Sea and is organised by the [NorthSEE](#) and [Baltic LINes](#) projects, focusing on MSP in the respective sea basins and financed by the respective Interreg North Sea Region and Baltic Sea Region Programmes.

The future governance of MSP in the North Sea will be one of the key topics at workshops and plenary discussions and high-level representatives from the North Sea countries will sit together and discuss future MSP cooperation.

Welcome to Inn2POWER's webspace.

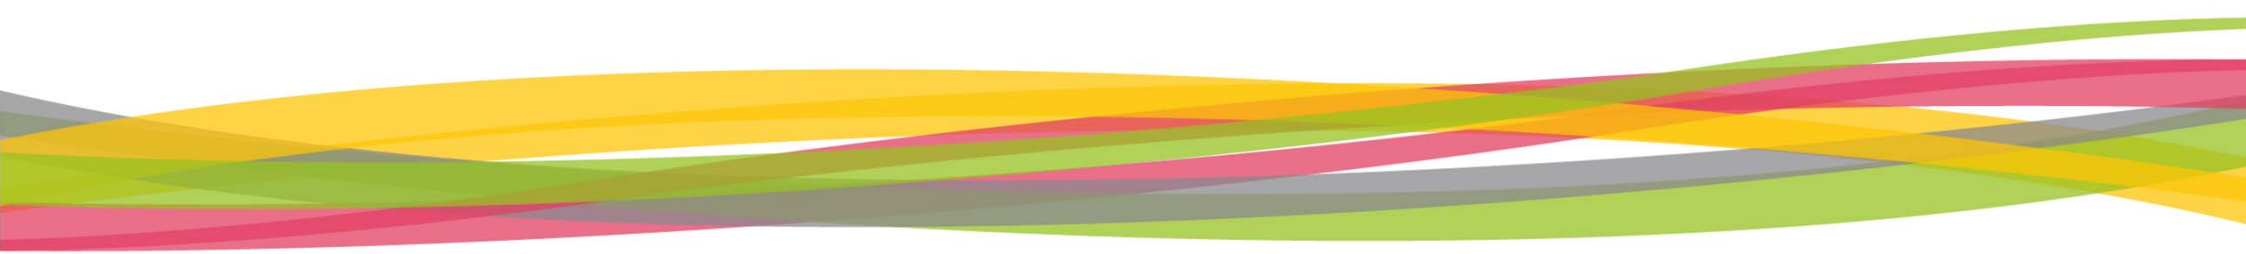

Inn2POWER is a project co-funded by the North Sea Region Programme 2014 - 2020.

Inn2POWER is a four-year Interreg project of eleven partners from the five leading offshore wind clusters in the North Sea Region – Denmark, United Kingdom, Germany, Belgium and the Netherlands. The aim is to expand the capacity for innovation and to improve access to the offshore wind industry for small and medium enterprises (SMEs) by connecting offshore wind businesses in the North Sea Region.
