

Green Port Officer Transfer Venue III – Working visit at Niedersachsen Ports

Within the DUALPorts project Niedersachsen Ports is working on the Green Port Officer Pilot. In this pilot we are working out and testing different strategies and measures to reduce the carbon footprint of our ports and foster a sustainable development.

The target of this two-days venue is to share experiences gained within the last three years with partner ports and to discuss how things can be improved and transferred to the partners.

Place of venue:
 Niedersachsen Ports GmbH & Co. KG
 Hindenburgstr. 26-30
 D- 26122 Oldenburg
